

Activation of the Tsunami Alarm System

Forever take the fear out of visiting the coast anywhere in the world, for you and your family, by turning your mobile phone into a reliable **Tsunami Alarm System**.

With the **Tsunami Alarm System** you are able to live at the sea or visit your favourite coastal destinations, without being concerned about your safety. Subscribe to the Tsunami-AS and you will receive these life-saving alarms reliably and timeously on your mobile telephone wherever in the world you have GSM coverage. You will also protect the lives and health of your family and children.
